## Course overview

**This internationally recognised qualification will further enhance your skills and prepare you for the next step in your accounting career.**

This course covers a range of complex accounting tasks such as preparation of reports and returns and maintaining cost accounting records. You will gain core skills including analysing variances, reconciling ledgers, making provisions for doubtful and irrecoverable debts, the use of spreadsheets to manage information and professional ethics.

You will gain practical, real-world accounting and finance skills, with the freedom to study flexibly, from anywhere. This is also coupled with The Skills Networks award-winning online resources and outstanding learner support.

# AAT Level 3 Advanced Diploma in Accounting

## Who is suitable?

This course is suited to learners who have ideally completed the Level 2 Foundation Certificate in Accounting or learners who are already working within finance at an intermediate level.

If you are starting on your career path with AAT, we suggest you begin with the Level 2 Certificate before progressing onto the Level 3 Diploma. The AAT Skillcheck can help guide you on which qualification you should start with.

The Skills Network can guide you through all three layers of AAT, taking you through all three qualifications.

## Learning method

Studying via distance learning means you can choose when and where you study.
