Functional Skills Maths and English Level 1

Course overview

Recent findings from the Department of Education have demonstrated that 35.6% of all students in schools in England failed to pass GCSEs in English and Maths in recent years.

This course will equip learners with a detailed understanding of Functional Skills in Maths and English, including core modules that will aid employability and confidence in key skills.

Our online learning resources include practice questions and mock assessments to ensure learners receive all of the knowledge they need to fully prepare for their Functional Skills examinations.

Who is suitable?

This course is ideal for learners who wish to improve their English and Maths skills. Our e-learning resources are sequenced to challenge the learner and maximise the development of crucial skills for work and life. Learners will work through all the key modules for both Maths and English, to fully prepare themselves for their Functional Skills examinations.

Learning method

Studying via distance learning means you can choose when and where you study. We ensure you get all the support you need throughout your course in the form of a personal Tutor and a Learner Support Advisor.

This course is available:

 **Online**

All of our award-winning learning resources are of the highest quality and are designed to be engaging and interactive to keep you focused on your learning at all times.

Functional Skills Maths and English Level 1
