

LEVEL 3 LEAD ADULT CARE WORKER

Overview

The Skills Network's Level 3 Adult Care Worker Apprenticeship covers all adult care practices, principles and standards. Apprentices will grow their leadership skills, confidence, professionalism and adaptability, ensuring that they become a valued leader in any workforce.

The Skills Network offers individualised learning to each Apprentice, and heavily involves you in all curriculum scoping to ensure that progress is meaningful. In addition, the curriculum scoping exercise provides an opportunity to review prior learning and completed qualifications, with the aim of personalising Apprenticeships to support and enhance your business, and therefore your Apprentices' progress.

We have the ability to individualise every Apprentice's scheme of work to produce a bespoke delivery plan tailored around the individual's needs by incorporating content from our e-learning catalogue, providing a more enhanced experience for the Apprentice.

Prior attainment is carefully considered from the start to ensure time on the programme is maximised. The Skills Network offers strong Information, Advice and Guidance (IAG) to ensure that each Apprentice understands the context of their learning, the assessment methodology and that their future career progression is carefully mapped into their journey.
