Level 2 Certificate in **the Principles of the Mental Health Care Worker**

Course overview

Every year, approximately 1.8 million people receive mental health treatment. With this in mind, it is vital to support mental health care workers to be able to provide ethical, person-centred care to their patients, and in turn, protect their own physical and mental well-being.

This course will equip learners with a detailed understanding of mental health and mental health issues, the principles of the mental health care worker, approaches to care and management and the duty of care in adult health and social care, and change and support in relation to mental health.
